A CALL TO PRAYER AND ACTION

August 28, 2022

The Lord woke me up at 4:00 am on Friday morning. He said America must make a decision to come out of "Babylon": (2 Cor.6:14-18; Rev.18:2,4). The word "Babylon" means "confusion" (taken from the story of Babel in Genesis 11:1-9 NKJV) and there is a demonic spirit of confusion attempting to possess the minds and hearts of today's school children.

The Biden administration has chosen to re-write Title IX which was passed in 1972 to help girls and women to remove barriers keeping them from positive goals. Title IX regulates every public school K-12 as well as Colleges that receive federal funding. Originally, Title IX only recognized TWO GENDERS, male and female. That has changed. Proposed changes were made on July 12, 2022, by the Department of Education in the Federal Register. It is doing this without the vote of Congress. It would prohibit discrimination on the basis of sexual orientation or gender identity. It would void parental rights, free speech, free exercise of religious convictions regarding students in the public schools. We have only until September 12th to submit reasons in writing outlining our objections to these changes.

New regulations would establish: a new category of sexual discrimination based on sexual orientation and gender identity. It would withhold federal funding for school lunches if parents do not consent. If a child, exposed to this doctrine, believes they should be another sex than the sex they were born with, the school will back his or her decision even with parental disapproval. If a parent will not agree with their child's decision, the child, by federal law can be taken from them by the Child Protection Services.

Furthermore, they are proposing a state cannot go against federal law, even if that state wants to protect the rights of the parent. The bottom line is to NORMALIZE this demonic doctrine of gender change, regardless of the horrific physical and psychological changes it will bring. Parents can choose to home school or send their child to a private school that does not receive federal funding or home school them.

But what about the disadvantaged parents and children who are unable to do that?

What to Do Now? First Pray, then go to [ChildParentRights.org/title-IX](https://childparentrights.org/title-IX) (also ChildParentRights.org) which gives us positive directions.
